

3-D Character Development

How well are you using the divine influences in your life to discover, discern, and decide the Lord's will? How well are you discovering how to discern and decide the best way to improve your Christian character traits? How adept are you at tracing the consequences of your thoughts, words, and actions, **before** you employ them? Most important of all, how can you improve in each category? Feel free to expand the chart to other influences, traits, consequences, or entirely new categories.

Self-Assessment

Assess how you are doing today in each category. Develop a base score and re-test yourself at least annually. A score of *one* in each box is lowest and *five* is highest.

Divine Influences	Discover/Discern/Decide
